

Minitek127® 1.27mm Cable-to-Board Connector System

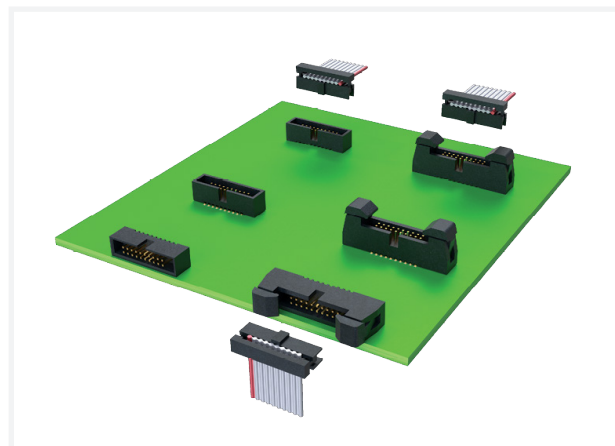

1.27 MM / CABLE-TO-BOARD CONNECTOR / EJECT HEADER / WIDE POSITION RANGE / LOW-PROFILE IDC

The Minitek127® 1.27mm Wire/Cable-to-Board Connector System is a compact 1.27 mm cable-to-board connector solution designed for reliable signal transmission in space-constrained applications. This IDC cable connector system is available in 6 to 100 positions, providing the flexibility needed for a wide range of board-level designs.

The series includes straight and right-angle configurations, surface-mount and through-hole mounting options, and headers with or without eject features. With multiple plating options, including Gold Flash, 0.25 µm Gold/GXT®, and 0.76 µm Gold/GXT®, this wire-to-board connector system supports diverse performance, durability, and application requirements.

Designed as a fine pitch IDC connector, the Minitek127® system helps save PCB space while supporting efficient cable termination and reliable mating performance. It's eject-header option enables easier disconnection and improved usability, making it suitable for industrial, server/storage, smart device, and switching applications.

- Fine pitch of 1.27 mm
- Wide range from 6 to 100 positions
- Multiple plating options: Gold Flash, 0.25 µm Gold/GXT®, and 0.76 µm Gold/GXT®
- Surface-mount and through-hole mounting types
- Straight and right-angle header options
- Header options with or without eject feature

TARGET MARKETS

FEATURES

- Fine pitch of 1.27 mm
- From 6 to 100 position
- Eject header feature
- Multiple plating options: Gold Flash, 0.25 µm Gold/GXT®, and 0.76 µm Gold/GXT®
- Surface-mount and through-hole types

BENEFITS

- Space saving
- Comprehensive range to satisfy all needs
- Higher reliability while working
- Easy disconnecting
- Allow for wide applications
- Offers flexibility for PCB layout

TECHNICAL INFORMATION

MATERIAL

- Housing: Black Plastic (UL 94 V-0)
- Terminal: Copper Alloy
- Plating: Gold flash, 0.25 µm Gold/GXT® / 0.76 µm Gold/GXT®

ELECTRICAL PERFORMANCE

- Current Rating: 1 A max. per contact
- Insulation Resistance: 1000 MΩ min.
- Rated Voltage: 125 VAC max.

MECHANICAL PERFORMANCE

- Mating and un-mating Force: 2.2 N max. and 0.3 N min./contact
- Durability: 100 cycles

ENVIRONMENTAL

- Operating Temperature Range: -40 °C to +105 °C

APPROVALS AND CERTIFICATIONS

- UL E66906

SPECIFICATIONS

- Product Specification: GS-12-629

PACKAGING

- Tape and Reel
- Tube
